As Irish society changes, it is important that we reflect on the unique contribution of Catholic Schools to our collective goal of education.

Each Catholic School shares an ethos that is inclusive, welcoming and vibrant. Each school works towards a vision of each student as made in the likeness and image of God. This means that we work towards helping each child, irrespective of background, ethnicity or creed, reach their full potential academically, spiritually and socially. To be in the likeness and image of God means that we have the capacity to truly care for ourselves, each other and the environment around us. Each school is influenced by the community it serves; be it large urban schools, small rural schools, with a wide variety of ethnicities and every school in between. For this reason, every Catholic School works in a unique and distinctive manner in educating each child to holistically develop their talent, skills and potential.
