

"Engages All" Intergenerational Project

The Engages All project with Kirk House has started up again this year.

In November, students were trained up on "Dementia Awareness" by Shelagh from Kirk House. They later visited Kirk House to meet the residents and to visit "Memory Lane".

The next session is in December and will take place in OLSPCK's H.E. department.

Lots more photographs are available on the College [website](#).
