

### PTA Ladies' lunch raises £2,020!

Thank you to all those who supported our first event of the year. The recent PTA Ladies Lunch at Belvoir Golf Club was a huge success attended by over 100 people. The delicious lunch was followed by a fashion styling presentation. It was a very sociable afternoon with lots of chat and introductions being made. The PTA was delighted to welcome a number of year 8 parents and many attending their first PTA event. Your support and generosity are very much appreciated.

## Uniform Recycling

Through our Uniform Recycling Campaign, we hope to ease the financial burden on parents; help the environment by making use of uniforms that would otherwise end up as landfill; show social responsibility by reusing and recycling uniforms that are in great condition; and raise funds to improve educational provision for our pupils. Please donate all used uniform and sports kit which is in good condition to the College reception at any time of the year. There will be a 'pop-up' shop in the College in June 2018 selling recycled uniforms for one third of the retail price. If you are interested in purchasing uniforms throughout the school year, contact Ms Michaela Collins at the College.
