

## Junior Apprentice 2018

Eve Donaldson (year 10), Luc Berthelot and Jessica Byrne (year 8) made it to the final, where they each had to produce a business plan.

Eve- Monde Environmental

Luc- Food4you

Jessica- Wish upon a star

They each were interviewed and faced the board room for 1 last time. Eve was announced as the winner, with her idea of a composting and food waste centre, which was very well researched and original.

Eve received a cash prize and will be presented on prize day with a trophy.

Well done to all who participated, undergoing weeks of tasks such as creating video advertisements, new packaging and story books.

All pupils put in an excellent amount of effort, but there could only be 1 winner.

Well done Eve!!!
