- 3.1.2** collected for specified, explicit and legitimate purposes only, and will not be further processed in a manner that is incompatible with those purposes; further processing for archiving purposes in the public interest, scientific or historical research purposes or statistical purposes shall not be considered to be incompatible with the initial purposes;

**7.2** The data protection impact assessment will include:

**7.2.1** Consideration of how Personal Information will be processed and for what purposes;

A subcontractor shall be selected that will guarantee the technological and organisational security measures required in this Policy and provide sufficient guarantees with respect to the protection of the personal rights and the exercise of those rights.
- 10.3 The subcontractor is contractually obligated to process Personal Information only within the scope of the contract and the directions issued by the College.

## 11. **International Transfers of Data**

- 11.1 Under GDPR, transfers of personal data to countries outside the UK are restricted to ensure that the level of data protection afforded to individuals by GDPR is not undermined. Personal Data is transferred out of the UK if it is transmitted, sent, viewed or accessed in a different country.

**11.2** Any transfers of Personal Information outside the UK will be carefully reviewed before any transfer takes place to ensure they fall within the limits imposed by the GDPR.
